 Bekasi, Indonesia

EDUCATION

Univ. Bina Sarana Informatika
Information System

2022-Now (Sem 6)

SMA 54 Jakarta
IPS

2019-2022

SKILLS

- HTML, CSS (Tailwind, Bootstrap)
- JavaScript, PHP, Python
- React.js, Next.js, Node.js
- CodeIgniter 3 Framework
- MySQL & MongoDB
- RapidMiner, Orange, Power BI
- System Architecture (TOGAF, COBIT)
- Git & Version Control
- UI/UX Design with Figma

LANGUAGE

INDONESIA -NATIVE

ENGLISH - INTERMEDIATE

PROFILE

Highly enthusiastic individual with strong interest in technology, information systems, and modern web development. With high motivation and a solid academic foundation, I'm passionate about transforming ideas into impactful digital solutions. Adept in both frontend and backend development, database systems, data analysis, and technical documentation.

PROJECT HIGHLIGHT

- **Mental Health Diagnosis System (SPK)**

Python, AHP, Random Forest

Web-based system for early mental health diagnosis with 83.33% accuracy using Random Forest and AHP for weighted decision-making.

- **Car Rental System (Web & Design Thinking)**

CodeIgniter 3, MySQL, Figma

End-to-end design & implementation of an electric vehicle rental system including ERD/LRS, UI mockups, and transaction modules.

- **Predictive Analytics for Deposits (BI)**

RapidMiner, K-NN

Developed predictive model using K-Nearest Neighbor to analyze customer behavior and forecast deposit trends.

- **Enterprise Architecture for EV Rental**

TOGAF ADM

Comprehensive architecture from preliminary phase to migration planning, with a detailed implementation roadmap.

- **HRMS Audit Using COBIT 5**

Risk Management & Control Assessment

Evaluated maturity level of HRMS using COBIT 5, focused on APO & MEA domains, and proposed capability improvements.

- **E-Commerce ERP with Odoo**

ERP Implementation, Business Perspective

Deployed and configured a digital marketplace on Odoo, including local server setup and eCommerce module management.

OTHER PROJECTS

- NextJS Furniture Website: Authenticated web using NextAuth & MongoDB
- PHP Real Estate Website: Full-stack responsive site using PHP & MySQL
- Sparepart Store Information System: Backend system with CI3 & risk analysis
- Chi & Pang Culinary Business Plan: Cost calculation, marketing strategy, BMC, BEP
